II.2) Description

II.2.1) Title

Overhead Line Shrouding

Lot No

2

II.2.2) Additional CPV code(s)

- 45232210 - Overhead line construction

II.2.3) Place of performance

NUTS codes

- UKC - North East (England)

II.2.4) Description of the procurement

This “Lot 2” work stream will cover the application and removal of shrouding on overhead lines, this covering open wire networks, ABC networks, open wire services, concentric services and all associated fittings both on the pole and buildings. These works, in the main, are customer driven, and therefore could/will involve attending several sites in each day covering a large geographical area. Alongside this there will also be some scheme works, these being driven by Local Authorities or Developers, these requiring some up-front planning.

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No
