II.1) Scope of the procurement

II.1.1) Title

Maintenance Services for Leachate Collection & Treatment Systems

Reference number

BB/CORP/LCC/22/1538

II.1.2) Main CPV code

- 90000000 - Sewage, refuse, cleaning and environmental services

II.1.3) Type of contract

Services

II.1.4) Short description

Lancashire County Council (The Authority) is inviting tenders for the provision of maintenance services for the Authority's leachate collection and treatment systems.

The Authority operates eight waste landfill sites throughout the county of Lancashire. The leachate collection and treatment systems at each site are designed to collect and/or collect and treat leachate prior to its discharge to foul sewer. Leachate is the liquid that drains or "leaches" from a landfill and is an unavoidable product of landfill. The liquid will have passed through materials and extracted solutes, suspended solids or any other component of the material through which it has passed. The Authority has a responsibility to ensure the leachate is collected and treated prior to its safe disposal into foul sewer to avoid pollution.

The performance of the Council's landfill drainage treatment systems is regulated by United Utilities Plc and the Environment Agency. The Authority has a responsibility to manage closed landfill sites as well as enforcing environmental standards, as per various legislative requirements such as Environmental Protection Act 1990, Environmental Permitting Regulations 2016 and Water Industry Act 1991. Therefore it is important that the systems designed to achieve these responsibilities are effectively cleaned and maintained.

The Services involve pipe work and sewer jetting, leachate sump and tank cleaning, lagoon cleaning and additional services as requested by the Authority from time to time. Additional services includes scope for out-of-hours work although in practice this is a

rarity.

Please view the procurement documents for further information about service requirements.

II.1.5) Estimated total value

Value excluding VAT: £270,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 90500000 - Refuse and waste related services

II.2.3) Place of performance

NUTS codes

- UKD4 - Lancashire

II.2.4) Description of the procurement

Lancashire County Council (The Authority) is inviting tenders for the provision of maintenance services for the Authority's leachate collection and treatment systems.

The Authority operates eight waste landfill sites throughout the county of Lancashire. The leachate collection and treatment systems at each site are designed to collect and/or collect and treat leachate prior to its discharge to foul sewer. Leachate is the liquid that drains or "leaches" from a landfill and is an unavoidable product of landfill. The liquid will have passed through materials and extracted solutes, suspended solids or any other component of the material through which it has passed. The Authority has a responsibility to ensure the leachate is collected and treated prior to its safe disposal into foul sewer to avoid pollution.

The performance of the Council's landfill drainage treatment systems is regulated by United Utilities Plc and the Environment Agency. The Authority has a responsibility to manage closed landfill sites as well as enforcing environmental standards, as per various legislative requirements such as Environmental Protection Act 1990, Environmental Permitting Regulations 2016 and Water Industry Act 1991. Therefore it is important that the systems designed to achieve these responsibilities are effectively cleaned and maintained.

The Services involve pipe work and sewer jetting, leachate sump and tank cleaning, lagoon cleaning and additional services as requested by the Authority from time to time. Additional services includes scope for out-of-hours work although in practice this is a rarity.

Please view the procurement documents for further information about service requirements.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

Yes

Description of renewals

The initial contract term is 2 years, the Council may in its absolute discretion extend the term by any number of defined periods, so long as the maximum duration does not exceed 4 years. At either the end of the initial term or extended/maximum term, there may be a requirement for the services to continue, in this instance the services may be re-procured.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No
