## II.1.4) Short description

On behalf of Sunderland City Council, Knight Frank Promise is looking to appoint a service provider to deliver and maintain a multi-devise platform that connects multiple building users & visitors through an app. Sunderland City Council currently requires this app to be implemented across two locations City Hall and The Beam, however, there may be future requirements to extend the requirements across other Sunderland City Council locations.

Background Information.

Sunderland City Council has appointed our client Knight Frank Promise who is a leading provider of real estate consultancy services. Its principal activities include advising owners, investors, users, and developers of commercial and residential real estate on achieving maximum value from their properties as effective workspaces, homes, or investments.

For further information, please visit the Knight Frank Promise website: <a href="https://www.knightfrank.co.uk/knight-frank-promise">https://www.knightfrank.co.uk/knight-frank-promise</a>

For further information, please visit the Sunderland City Council website: <a href="https://www.sunderland.gov.uk">https://www.sunderland.gov.uk</a>

#### II.1.5) Estimated total value

Value excluding VAT: £125,000

#### II.1.6) Information about lots

This contract is divided into lots: No

#### II.2.2) Additional CPV code(s)

- 48100000 Industry specific software package
- 48200000 Networking, Internet and intranet software package
- 48400000 Business transaction and personal business software package
- 48500000 Communication and multimedia software package
- 48600000 Database and operating software package
- 48800000 Information systems and servers

#### II.2.3) Place of performance

**NUTS** codes

UKC2 - Northumberland and Tyne and Wear

Main site or place of performance

Correspondence address of Sunderland City Council:

City Hall Sunderland

Plater Wy, SR1 3AA

And The Beam

Plater Wy, SR1 3AD

#### II.2.4) Description of the procurement

General requirements:

- App to be Riverside Sunderland branded with segmentation for different buildings and tenants
- Option to deliver targeted, tailored content, which is relevant to different audiences and measure engagement.
- A building information forming repository for all information such as fire manuals and

handbooks etc.

- Admin dashboard that provides a full database of the building tenants and platform users with the ability to provide different levels of admin rights and assistance with staff training.
- Data and analytics platform allowing all stakeholders to access anonymised and aggregated data in real time.
- The property management team and occupiers are to be able to organise, manage and book any type of space within the site such as:
- o Meeting rooms
- o Event Space
- o Wellness Room
- Bookings are to be configured either complementary or via credit system and/or on a chargeable basis.
- Event management function to replace Eventbrite.
- Access Control In app access pass.
- Visitor booking for the management team and occupiers.
- Helpdesk to manage maintenance requests via a simple platform and for the work requests to be tracked in real-time.
- Ability to carry out surveys and polls of app users with competition and incentives
- Send push notifications regarding building updates such as maintenance work, development activity with the Riverside masterplan, or food vendors outside
- Ability to carry out surveys and polls of app users with competitions and incentives.
- Forums for like-minded people e.g., Book Club and Bicycle User Group.
- Integration with other useful websites such as real time bus information.

Ongoing support requirement:

Weekly information feeds

- Activation content
- Polls and Surveys
- Customer engagement & events calendar

Specific requirements

The multi-devise app is to be also used to further drive the sustainability campaigns across the property and connect the occupiers with Riverside Sunderland initiatives to achieve net zero carbon emissions. Currently, the communications application is required to cover two sites Sunderland City Hall & the Beam, but there may be a possible extension to different sites, this will be confirmed at a later date

Supplier to have ISO27001

The app requires Integration with:

- · Gallagher access card system
- R00MZ booking system
- ELogbooks

Further support information:

Other buildings may come onboard, there are also residential elements, and a few different access points are required - further segmentation.

It is very important for the supplier to be able to demonstrate relevant experience, liability, ongoing support with initial implementation, and the duration of the contract, to be able to provide strong evidence of staff training. This multi-device app must be able to take away some of the admin tasks.

#### II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### II.2.6) Estimated value

Value excluding VAT: £125,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system
