Value excluding VAT: £0.01

II.2) Description

II.2.3) Place of performance

NUTS codes

• UK - United Kingdom

II.2.4) Description of the procurement

The Framework will give the Authority access to quantitative modelling capability and tools for animal and plant pest and disease modelling and expert analysis to meet occasional ad hoc policy requests. The Authority requires the Contractor to be available to respond to emergency situations in the form of expert consultation and/or input to

modelling exercises. The purpose of carrying out this analysis is to inform policy decisions which may need to be made quickly, often based on evidence that is not complete.

This Framework replaces the previous Animal and Plant Health Modelling Framework, reference 25333. This was the Authority's previous framework for animal and plant health modelling services which will expire in April 2024

II.2.5) Award criteria
