Highways England is the government company charged with operating, maintaining and improving England's motorways and major A roads. We are delivering the Lower Thames Crossing (LTC), a new high-quality dual carriageway connecting Kent, Thurrock and Essex through a tunnel beneath the River Thames. This is the most ambitious roads project in the UK for more than a generation. The project will be transformational for the UK economy, while offering new connections, better journeys and fewer delays.

This Contract Notice is being issued to appoint an designer to support design services for contestable gas assets on the LTC project.
