II.1.4) Short description

The Strule Shared Education Campus (SSEC) Programme is a longstanding Executive priority with continued broad political support. It is a hugely significant programme, representing massive capital investment in the west of Northern Ireland (NI), stimulating further development and regeneration of the region. The SSEC programme will bring together 6 schools and over 4000 children and young people, from all backgrounds who will learn together on a vibrant and dynamic campus. As a pioneering project it will transform education in NI. Significant work on the Strule Programme has been completed to date, including delivery of 1 of the 6 schools. The SSEC Main Works Competition (MWC) will include the delivery of the remaining five post primary school buildings and associated facilities which equate to approximately 64,000m² of building accommodation, in addition to synthetic pitches, infrastructure, environmental protection, landscaping and general site development works.
