The Flexible Framework Agreement was not sub-divided into “lots” or categories. This is in order to reflect the individuality and diversity of Services and to take account of and be proportionate to the characteristics of the market.

Applicants could offer one or multiple Rehabilitation Services and each offer relating to a Rehabilitation Service was assessed as an independent and discrete offer.

Applicants were asked to note that participation in the Flexible Framework Agreement and involvement in Call-Offs will be by reference to the Rehabilitation Services for which the Applicant has been admitted.

In line with the Flexible Framework Agreement specification, should any of the defined terms, procedures or any other regulated matter become subject to any change in the Law, resulting in any change to the defined terms, or to the manner in which such procedures or other matters require to be dealt with, then such changes shall take precedence over that contained in the Flexible Framework Agreement. As such, workforce matters which change as a result of the implementation of national policy directives will be considered in line with the Flexible Framework Agreement variation procedures.
