II.1.4) Short description

The Greenhouse Centre is a high performing service providing health, employment, benefits and housing advice services to single people. It provides a walk in service and appointment based service for single homelessness, with comprehensive housing, welfare and employment advice and support, coupled with the health offer.

This specification is for the delivery of housing options advice within the Greenhouse setting. We are seeking to contract a service provider to deliver housing advice and support to single people who are either homeless or in danger of becoming homeless. The Greenhouse has been a key part of the London Borough of Hackney's effective response to the rapid rise in homelessness, particularly with regard to young single people. Since it was first launched in 2007, the role significantly expanded in 2017 with the introduction of the Homelessness Reduction Act.
