Scope

Description

The successful Supplier will be required to provide cleaning services to Park view School. We are seeking tender submissions for the whole contract.

The Park View School is a high performing community school in Tottenham, North London where the successful contractor will be required to deliver a service and meet the requirements of the specification from the contract commencement.

The school for the tender is:

- Park View School, 252 West Green Road, Haringey, London, N15 3QR

The contract being tendered is for 3 years in duration from 1st August 2026 until 31 July 2029, with the option to extend for further terms of 1 + 1 years on the same terms and conditions excluding the right to further extend. The contract will be a fixed price in nature, with the Contractor invoicing the Client for one-twelfth of the annual cost monthly.

Whilst the monthly charge will represent one-twelfth of the contract cost, a reconciliation will take place monthly to reconcile the actual hours worked within the contract. If the hours worked are less than those budgeted a credit will be required by the school. This credit will be calculated by dividing the annual contract cost (fixed cost) by the number of

annual input hours to arrive at a contractual cost per hour, this will then be multiplied by the number of hours due to arrive at the fiscal credit.

The school requires that the tendered number of hours are always worked, and the successful contractor is expected to have a system in place to cover for both planned and unplanned leave.

The basis and rationale that the Client requires is for the successful contractor to operate to always being able to provide a clean school that is fit for purpose and that the Contractor is proactive in the management of the contract, thus ensuring that all output specifications are achieved and that the required frequency of cleans is delivered.

The tender project is seeking to appoint a Contractor whose initiative and innovation will be welcomed for the provision of the services. The high-quality service levels proposed, should maintain excellent standards throughout, resulting in a clean and pleasant environment for students, staff and visitors within all the school consistently.

It should be noted that the successful contractor will be expected to bring to the contract: innovation; new equipment; and cleaning methods, with BICSc's standards being achieved, as a minimum, ensuring that the highest levels of cleanliness are maintained in all areas at all times and also ensuring that the productivity of the cleaning operatives is enhanced moving forward into the new contract term.

The successful contractor will be expected to put forward both innovation and their proposals for making this contract more environmentally sensitive and carbon neutral moving into this contract term both by way of contract delivery, and within the successful contractor's organisation while working to deliver the Park View Schools' environmental policies.

The terms and conditions of employment and recognition offered to the cleaning operatives should be both progressive and forward thinking ensuring that the staffing establishment is always complete with staff turnover being kept to a minimum. The school is a London Living Wage employer.
