commission a Derby Safe Haven service to be delivered across the population of Derby and Derbyshire. It should be noted that as of 01st July 2022 the CCG will cease to exist therefore any contract will novate over to the CCG successor body.

The overall aim of the Derby Safe Haven is to establish a safe, non-clinical environment whereby people with urgent mental health needs - who would otherwise require or seek support from Accident and Emergency secondary or acute mental health services - can receive support and de-escalation.

The service will be situated in Derby in a fixed and accessible location that maximises access across not only within Derby City, but for people across the rest of the Derbyshire footprint also.

The service contract is for 2 years with the option to extend for a further 12 months. It is recognised that the service and the system will need to learn and adapt to the dynamic needs of the population throughout the duration of the service, and collaborative working between provider and commissioners will be critical to success. The service will need to be operational by 01st November 2022.

Please note there is a financial threshold associated with this procurement. Any bids received exceeding £200,000 per annum over the term of the contract will be excluded from evaluation and disqualified from the process. No bids over £200,000 per annum will be accepted.
