The Trust has obtained detailed planning permission for housing-led redevelopment of these sites from the relevant planning authorities (London Boroughs of Southwark and Lambeth), details of which are contained in the Descriptive Document and supporting documents (included with the procurement documents and available for unrestricted and full direct electronic access, free of charge). The Trust and Maudsley Charity have determined to establish a limited liability partnership (LLP) to carry out the development of the sites, consistent with NHS policy which encourages release of value from surplus land.

The Sites comprise circa 8.40 acres (3.4 ha) of land and consists of two separate boundaries. Detailed planning provides for combined 740 units across the two sites of which a minimum of 50% is to be affordable.

The successful development manager will enter into a development management agreement with the LLP (as developer) (or by way of appointment by the Trust and subsequent novation to the LLP), under the terms of which the development manager will provide a full range of development management services to achieve start on site and during construction.
