Changes to notice

This notice has been edited. The [previous version](#) is still available.

Scope

Reference

TFW1009.00

Description

Transparency notice for AIVR Image Capture. AIVR is an image capture product and consists of 5 x portable AIVR go cameras and 3 x hardwired cameras on and underneath TfW's class 153 fleet. Upon capture this footage is then stored and accessible in a central portal for review and utilises machine learning to ensure any personal information is fully GDPR compliant. This ultimately allows for remote route assessment without the need to access the track on foot or in cab, making the process far quicker and more efficient, and providing significant safety benefit.
