Engagement process description

Stevenage Borough Council invite suitable companies that provide Soft Facilities Management Services to attend an engagement session at Stevenage Borough Council, Ingelheim Lounge on the 1st floor, Daneshill House, Danestrete, Stevenage, SG1 1HN on Tuesday 29th April. The event will run from 10:00 a.m. to 13:00 p.m.

A market engagement presentation pack will be available for you to download, and this outlines the details of the opportunity, services required, and the social value and procurement process.

Members of the Council's Facilities Management, Procurement, and Social Value teams will be in attendance to discuss the details of the opportunity, services required and the procurement process.

Please note that the market engagement session will not be via a presentation. The session will be via a "drop in" session where attendees will have the opportunity to ask questions on a one-to-one basis. Dependant on market interest you may be allocated a specific time slot to "drop in."

Organisations wishing to attend the market engagement session are requested to register their interest via the correspondence function on the portal by 12pm Wednesday 23rd April 2025. Please ensure you include the names and job titles of the attendees (max of 2 attendees per company) and a contact telephone number and email address. The Council will then issue a confirmation. Bidders will not be able to join the session if they have not had a confirmation from the Council.

Organisations must ensure that access to the system is available to their representatives dealing with the contract and that this contact is updated as and when required. The Council will not be liable for the lack of delegated access within the organisation and will not directly send any documentation or communication regarding the opportunity, as this shall only be exclusively available through the portal. Organisations are responsible for allowing sufficient time to submit their interest. The Council accepts no liability whatsoever for tenders that are not submitted due to internet connectivity issues, transmission delays or errors.
