Services

Service category No 1: Maintenance and repair services

NUTS code

- UK - United Kingdom

II.1.4) Short description of the contract or purchase(s)

A single contract for a 4-year period (with 2x 1yr extension options) for 1st and 2nd line maintenance of the T102 Air Defence Radar based at RRH Portreath and additionally there are site maintenance responsibilities.

The radar comprises a BAE Systems primary surveillance radar, Monopulse Secondary Surveillance Radar (MSSR), Mode S compatible radar. The Original Equipment Manufacturer British Aerospace is responsible for all 3rd and 4th line maintenance requirements. The site maintenance aspects cover technical tasks including both the Radar and other Air Battlespace Management/Air Traffic Management equipment which may require scheduled and unscheduled maintenance.

There are also non-technical site management responsibilities. The contractor will adhere to all Intellectual Property Rights (IPR) arrangements in all aspects of the work. Where the contractor is not the Original Equipment Manufacturer (OEM) the contractor is required to put in place formal arrangements with the OEM to access the technical data (intellectual property) necessary to support its contractual obligations.
