Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons
- Additional deliveries by the original supplier

Explanation:

No other reasonable alternative exists for this procurement as Becton Dickinson Dispensing UK Ltd have exclusive rights over the maintenance, updates and licences for this system which is critical to patient care and service delivery. The replacement of which would require infrastructure, ICT and validation work that would result in significant disruption and disproportionate technical difficulties that would impact on the Trusts ability to deliver a Pharmacy dispensing service. The absence of competition is not a result of the artificial narrowing of the parameters of the procurement. This is an interim measure, a tender process was unsuccessful and the wider market will be consulted again when this is re-tendered.
