Scope

Reference

002538

Description

TfL-WF is seeking Continuous based maintenance services with the following accreditations:

- ISO 18436 refers to a series of standards focused on the condition monitoring and diagnostics of machines, specifically addressing the requirements for qualifying and assessing personnel involved in these areas.
- ISO 20283-4 which refers to measurement, evaluation, and reporting of vibration marine machinery parts.

Monthly requirements

- Condition monitoring data reports

- Machine health reports and system integrity checks
- Data analysis reports, highlighting machines in alarm
- Weblink access to manual readings for monitoring.
- Maintenance recommendations on machines-in-alarm; in the monthly report summary but also within 24 hours of machines going into alarm
- 24/7 alarms review and maintenance notifications
- To have baseline vibration readings of all machinery enabling WF to submit to Regulatory Classification Society for inclusion into the Survey cycle.

Total value (estimated)

- £70,000 excluding VAT
- £84,000 including VAT

Below the relevant threshold

Contract dates (estimated)

- 16 March 2026 to 15 March 2029
- Possible extension to 15 March 2031
- 5 years

Description of possible extension:

TfL could extend the contract up to a further 2 years if performance is satisfactory.
