Scope

Description

This Procurement is being conducted in accordance with the Procurement Act 2023 using the Light Touch process to establish a Supported Living Framework (SLF). The design of the framework incorporates the flexibility to add new services in response to any arising needs across 3 specific lots for the duration of the framework. Details of these possible additional service requirements can be found in each specification under the clause for modification and variations.

The Framework includes 3 specific Lots, as described below:

Lot 1 - Supported Living (Accommodation-Based). This is an accommodation-based lot where the Individual would have a separate contract for their tenancy, the property is usually sourced by the care provider. Please note there will be no cap on the number of qualifying suppliers for this particular Lot.

Lot 2 - Community Support. This lot involves supporting an individual from their own home, which could be their own property, rented accommodation or living with family or friends. The provider would not source the accommodation.

Please note this particular lot will be limited up to a maximum of the 5 qualifying suppliers who exceed the set scoring threshold. These will be the 5 highest scoring suppliers during

the tender qualitative award process. This Lot requires a minimum of 3 suppliers to operate, but the Council reserves the right to amend the minimum threshold where this is considered necessary to achieve the minimum level required.

Lot 3 - Complex Needs. This Lot could be either a Lot 1 Accommodation-Based Service or a Lot 2 Community Support Service; however, the Individual's needs are of such a complexity that they exceed Lot 1 and 2's capabilities and require a provider with additional resources and specialisms. Please note there will be no cap on the number of suppliers for this particular Lot.

All suppliers are required to indicate in their application to join the framework which Lots within the framework they are applying to join. Please see the Framework Specific Questionnaire.

This Supported Living Framework will seamlessly replace the existing framework which is due to expire on 31 March 2026. The new framework will seek to address gaps in the market and areas where improvement is required. These include:

Services that support complex needs.

Community Support options, particularly for those with care packages for minimal hours per week.

Self-contained accommodation options for Individuals who struggle to share facilities.

Move on options and pathways through the service to support people to greater independence.

Transition services for young adults.

Our aspirations for Supported Living will focus upon the following key areas:

Supporting the Life that Matters to You

Suitable Accommodation

Collaboration

Health

Stable staffing

Commercial tool

Establishes an open framework

A series of frameworks with substantially the same terms. Awarded suppliers are carried over and new suppliers can bid.

Lot 1. Lot 1 - Supported Living (Accommodation-Based)

Description

This is an accommodation-based lot where the Individual would have a separate contract for their tenancy, the property is usually sourced by the care provider.

Please note there will be no cap on the number of qualifying suppliers for this particular Lot.

Lot 2. Lot 2 - Community Support

Description

This lot involves supporting an individual from their own home, which could be their own property, rented accommodation or living with family or friends. The provider would not source the accommodation.

Please note this particular lot will be limited up to a maximum of the 5 qualifying suppliers who exceed the set scoring threshold. These will be the 5 highest scoring suppliers during the tender qualitative award process. This Lot requires a minimum of 3 suppliers to

operate, but the Council reserves the right to amend the minimum threshold where this is considered necessary to achieve the minimum level required.

Lot 3. Lot 3 - Complex Needs

Description

This Lot could be either a Lot 1 Accommodation-Based Service or a Lot 2 Community Support Service; however, the Individual's needs are of such a complexity that they exceed Lot 1 and 2's capabilities and require a provider with additional resources and specialisms.

Please note there will be no cap on the number of suppliers for this particular Lot.
