## Section IV. Procedure

### IV.1) Description

#### IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
  - protection of exclusive rights, including intellectual property rights

Explanation:

As well as "Protection of exclusive rights, including intellectual property rights", justification on the grounds of "Absence of competition for technical reasons" applies.

There is a natural monopoly here. The '[.gov.uk](#)' top-level delegation record can only be provided by Nominet because Nominet has the exclusive arrangement with IANA (the organisation that coordinates the Internet's globally unique identifiers) to host the higher-level '.uk' record. The availability monitoring solution must be provided under Nominet's direct control because Nominet has to integrate it into their internal systems.
