Other information

Description of risks to contract performance

Somerset NHS Foundation Trust has advised that a mandatory migration to a cloud platform is required over the next 12 months.

Conflicts assessment prepared/revised

Yes

Procedure

Procedure type

Direct award

Direct award justification

Single supplier - technical reasons

Continued operation of the Somerset Cancer Register System, with migration to cloud based provision during the contract period, will provide essential continuity of this embedded critical platform, enabling the trust to meet its local and national priorities, pending a potential future system strategy review and / or delivery via EPR. SCR is a critical system within the Trust's cancer pathway infrastructure and is essential for the organisation's statutory reporting, operational performance management, and delivery of safe, high-quality cancer services.
