Reference number

SSAPR18018

II.1.2) Main CPV code

- 48451000 - Enterprise resource planning software package

II.1.3) Type of contract

Supplies

II.1.4) Short description

UK SBS provides HR, payroll and finance services to UKRI, BEIS, DIT, INSS and UKSA. The Oracle Business Process Services (BPS) and Cloud Service Agreement (CSA) are software licence subscriptions for HR, Payroll & Finance services. These software licence agreements enables delivery of almost all the shared services which UK SBS delivers. Without them UK SBS would be unable to function until it had procured, configured, tested and rolled out a new HR, Payroll and Finance System. UK SBS, working in collaboration with UKRI & BEIS, will be conducting competitive tender exercise for new Cloud based ERP software services and implementation partner this year (2021). The procurement and implementation of new ERP software platforms and associated business transformation is expected to take in the region of 24 - 30 months to complete. UK SBS has therefore renewed the current BPS & CSA license agreements required to continue to operate the Oracle platforms whilst new software products are competitively tendered and implemented. The extended agreement period will be from June 2021 to May 2023. An uncommitted option of a further 7- month extension to 31st December 2023 will only be used as a contingency in the event of unexpected delays in implementation. The contracting authorities are currently gathering requirements for the replacement HR, Payroll and Finance systems procurement exercises that will run during 2021

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Lowest offer: £6,000,000 / Highest offer: £9,000,000 taken into consideration

II.2) Description

II.2.2) Additional CPV code(s)

- 48451000 - Enterprise resource planning software package

II.2.3) Place of performance

NUTS codes

- UKK14 - Swindon

II.2.4) Description of the procurement

The extension to licence agreements covers the licenses required to continue to operate the existing Oracle platforms whilst a competitive procurement for new cloud based ERP systems are completed and implemented. The extended agreement period will be June 2021 to May 2023 in order to provide continuity of service. An uncommitted option of a further 7-month extension option will be included to run from June 2023 to 31st December 2023. This will only be used as a contingency in the event of unexpected delays.

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: Yes

Description of options

An uncommitted option of a further 7-month extension option will be included to run from June 2023 to 31st December 2023. This will only be used as a contingency in the event of unexpected delays.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

Modification of a contract during its term. Regulations 72 (1)(b) and Regulation 72 (1)(e).

The Public Contracts Regulations 2015 under Regulation 72(1)(b) for additional works, services or supplies by the original contractor that have become necessary and were not included in the initial procurement, where a change of contractor-

(i) cannot be made for economic or technical reasons such as requirements of interchangeability or interoperability with existing equipment, services or installations procured under the initial procurement, or

(ii) would cause significant inconvenience or substantial duplication of costs for the contracting authority.

And, regulation 72 (1)(e) where the modifications, irrespective of their value, are not substantial.

The procurement and implementation of new ERP software platforms and associated business transformation is expected to take in the region of 24 - 30 months to complete. UK SBS therefore requires a renewal / extension of the current BPS & CSA license agreements required to continue to operate the Oracle platforms whilst new software products are competitively tendered and implemented. Changing such a highly customised BPS system any sooner whilst UKSBS and its clients prepare to enter a new environment would incur significantly disproportionate costs in both operation and maintenance.

The Contracting Authorities are currently gathering requirements for competitively tendered procurements to take place during 2021. The newly procured and competitively tendered services will then be implemented over the period of this contract extension.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2021/S 000-002585](#)
