Section II: Object

II.1) Scope of the procurement

II.1.1) Title

ITT282 Appointment of Biomass Woodchip Supplier

Reference number

ITT282

II.1.2) Main CPV code

- 09111400 - Wood fuels

II.1.3) Type of contract

Supplies

II.1.4) Short description

The University is seeking an efficient, high-quality supplier of G50/MC 25% (+/-5), BSL authorised virgin timber to fuel its biomass boiler at our Waterside Campus. The woodchip must be UK sourced and under no circumstances use material derived from non-virgin timber Roundwood. The storage silo has a usable volume of 88m³. The Contract will include the delivery of an estimated annual requirement of 3,800,000 kWh. The University has pledged to become Net Zero Carbon in Scope 1 and 2 emissions by 2030, and needs to eliminate or offset circa 5,000 tonnes of CO₂e by the end of the decade. A key aspect of delivering this reduction is our 995KW Herz Biofire biomass boiler. In support of our commitment to tackling climate change, the University is seeking to supply the fuel sustainably and minimise embedded carbon emissions. Envisioned contract commencement 1st November 2021 for 2 years with an option to extend for a further period or periods of up to 1 year.

II.1.5) Estimated total value

Value excluding VAT: £304,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 03413000 - Fuel wood

II.2.3) Place of performance

NUTS codes

- UKF24 - West Northamptonshire

Main site or place of performance

Northampton

II.2.4) Description of the procurement

The University of Northampton is seeking an efficient and high-quality supplier of G50/MC 25% (+/-5), BSL authorised virgin timber to fuel its biomass boiler for the provision of heat across our Waterside Campus. The boiler uses an infeed auger to a storage silo. The silo has a usable volume of 88m³. It should be noted that in support of our commitment to tackling climate change the University is seeking to supply the fuel in a sustainable way and minimise embedded carbon emissions, for example through woodchip delivery and manufacture. The Contract will include the delivery of an estimated annual requirement of 3,800,000 kWh will be required per year. Tenderers will need to demonstrate that they will provide: Expertise in working to reduce the carbon emissions of woodchip fuel supply; A full understanding of, and compliance with, UK legislation regarding biomass fuel, health and safety, and other applicable areas; A commitment to providing an expert team to support the planning, implementation and operation of a robust, efficient and reliable service; Full details of their woodchip supply chain; Have a clear contingency plan(s) in place to ensure continued supply of woodchip in the event of unforeseen circumstances; Delivery note required with each delivery with moisture content reading and weigh ticket for delivered load. The University requires G50/MC 25% (+/-5), BSL authorised virgin timber to fuel its biomass boiler. The woodchip must be UK sourced. Under no circumstances will the woodchip contain waste wood, slab wood, pallets, wood shavings, arb chip or other material derived from non-virgin timber Roundwood unless approved by the contract administrator. The Contractor shall make deliveries of biomass fuel to meet the following requirements; Delivery before 8am; Deliveries maybe required at weekends; Ability to make multiple deliveries in one day should demand require this. Delivery of the woodchip cannot be made in an artic lorry due to space limitations, therefore, delivery should be made in a 30-40m³ sized vehicle. The Energy Centre is located within our Waterside Campus and near a public highway, details of dust suppression methods that will be implemented during deliveries to minimise dust impacts must be provided. The Contract is for the provision and supply of virgin UK sourced woodchip to the University of Northampton's main Waterside Campus (NN1 5PH). It is anticipated that the Contract will commence on 1st November 2021 and will run for 2 years with an option to extend for a further 1 year.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £304,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

24

This contract is subject to renewal

Yes

Description of renewals

The contract may be extended entirely at the University's discretion for a further 12 months.

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged minimum number: 5

Maximum number: 6

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

Tender is published on <https://in-tendhost.co.uk/universityofnorthampton/>. Please register your organisation, once registration is accepted you can access the tender documents. Contract value in II.1.5 and II.2.6 is an estimate based on £152000 per year for contract length. The University envisages entering a 2 year contract with the option to extend the contract up to a further 1 years

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Restricted procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

19 July 2021

Local time

12:00pm

IV.2.3) Estimated date of dispatch of invitations to tender or to participate to selected candidates

29 July 2021

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 3 (from the date stated for receipt of tender)

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.2) Information about electronic workflows

Electronic invoicing will be accepted

Electronic payment will be used

VI.3) Additional information

The University reserves the right to cancel or amend this procurement at any stage and to not award the contract in whole or in part, and does not bind itself to accept any tender. The University shall not be liable for any costs or expenses (of any nature) incurred by any prospective service provider (or any of its consortium members or sub-contractors) in responding to this notice or in participating in this procurement process, including (without limitation) if the University cancels or amends this procurement process or makes no contract award. The estimated contract value is 304000 GBP for the 2-year term and would be an estimated 456000 GBP if the contract was extended by an additional 1 year extension.

VI.4) Procedures for review

VI.4.1) Review body

High Court

London

Country

United Kingdom

VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

The procurement process will incorporate a standstill period at the point that notification of the proposed award of the contract is communicated to tenderers. That notification will provide information on the award decision as is required by Regulation 86 of the public contracts Regulations 2015.
