I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

US_24346 - Staff Milling Machines

Reference number

DN2605

II.1.2) Main CPV code

- 42637300 - Machine tools for milling metal

II.1.3) Type of contract

Supplies

II.1.4) Short description

The University of Sussex (“Sussex”) is inviting expressions of interest for its upcoming tender for Staff Milling Machines.

The purpose of this engagement is for Sussex to gauge potential interest and obtain information from the market which will help inform and shape its requirements. Through this process suppliers can provide feedback on certain aspects of the requirement. This exercise aims to uncover opportunities and explore new ways of working for Sussex. We are eager to avoid inadvertently limiting potentially beneficial arrangement or excluding potentially viable solutions.

The School of Engineering and Informatics is preparing for the delivery the Degree Apprenticeship MSc in Advanced Manufacturing.

The existing workshop contains some obsolete machinery and outdated equipment. It is not configured for teaching.

The proposal is to remove all redundant machines and equipment, fully refurbish and install new data driven metal fabrication equipment in the existing workshop. A revised layout of the space will provide a new teaching environment.

The current proposal plans to have the refurbishment complete by April 2025 but this timeline is currently still subject to approval and may change, and as such should not be taken as confirmed.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement
