Section VII. Changes

VII.1) Information to be changed or added

VII.2) Other additional information

Additional information relating to Bid Submission due to PCS Size Limitations

After consideration of the most recent clarification question and previous questions, NHS GG&C have carefully considered a number of different submission options to ensure the least impact and inconvenience for Suppliers regarding the size limits of Bid submissions.

Therefore, bid submissions are required to be submitted slightly differently than as described in the Bidder Instructions.

To ensure size limitations are mitigated, all Bid responses must be provided on a word document, containing a link to a Secure File Transfer, which should be uploaded to the PCS website. The word document should contain the name of the Supplier and third parties with a direct clickable link to the secure file transfer location. It is NHS GG&Cs preference that no password is used, however, if a password is required, then this should also be included within the Word document. It is the responsibility of the Supplier to ensure that the Link works and is accessible to NHS GG&C. Any responses received after the deadline of 3pm on 14th June 2022 will not be accepted.

It can also be confirmed that any documents or bid submissions with time stamps after this deadline will be disqualified and Suppliers will be excluded from the Procurement process. NHS SBS on behalf of NHS GG&C will review time stamps when completing the tender download following the tender deadline.

For the avoidance of doubt this decision has been taken to ensure the least detrimental impact on suppliers and to ensure fairness, non-bias, transparency and equality. This additional information has been published on Contracts Finder also.
