II.2.4) Description of the procurement

The provision of scheduled and reactive compressor maintenance across Sellafield's compressor fleet. This will be a temporary arrangement whilst the desired longer term Complete Compressor Fleet Management scope of work is tendered.

Sellafield's desired final solution will see commercial arrangements established with a competent supplier who will provide a complete fleet management arrangement across Sellafield's Compressor fleet. This will likely be a long term (7-8 year) arrangement with a commencement date circa 2025.

To allow Sellafield to compete the desired arrangement, Sellafield is assessing it's options for an interim supply option which will run from 2022 through till 2025 (or earlier dependant on the Contract Award date of the Compressor Fleet Management procurement.

Sellafield would like to obtain feedback from potentially interested suppliers via market engagement. Further information on the market engagement can be found within Sellafield's Complete Tender Management System (CTM), available here:
