Contract

222_26 Tyres and Related Services

Leicestershire County Council, trading as ESPO

UK7: Contract details notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-013954

Procurement identifier (OCID): ocds-h6vhtk-051b92 ([view related notices](#))

Published 16 February 2026, 3:33pm

Scope

Reference

222_26

Description

An ESPO national framework for the supply and fitting of tyres for cars, LCVs, HGVs and plant and the supply of related ancillary services, including puncture repairs and wheel balancing.

The Framework is divided into 3 lots.

For any additional details please also refer to <https://www.espo.org/tyres-related-services-222-26.html>

Commercial tool

Establishes a framework

Lot 1. Light vehicle tyres

Description

Tenders are invited for a national framework agreement allowing for the provision, replacement and repair of tyres for a comprehensive range of vehicles.

Lot 1 is for the provision of premium, mid-range & budget tyres for cars and light commercial vehicles.

For further details, please refer to the tender documents.

Lot 2. Heavy vehicle and plant tyres

Description

Tenders are invited for a national framework agreement allowing for the provision, replacement and repair of tyres for a comprehensive range of vehicles.

Lot 2 is for the provision of premium, mid-range & budget tyres for heavy goods vehicles and public service vehicles, and premium & budget tyres for plant.

For further details, please refer to the tender documents.

Lot 3. Services for light vehicles, heavy vehicles and plant

Description

Tenders are invited for a national framework agreement allowing for the provision, replacement and repair of tyres for a comprehensive range of vehicles.

Lot 3 for services including but not limited to the fitting, removal, turning, regrooving of new or remould tyres, as well as balancing, tracking, puncture repair, valve replacement and emergency call out.

For further details, please refer to the tender documents.

Framework

Maximum percentage fee charged to suppliers

1%

Further information about fees

As a public body, ESPO have a statutory obligation to recover the costs incurred in the management of this Framework. This obligation is met by means of a Framework Fee which will be payable by the Suppliers to ESPO, and is calculated based on the invoiced value to the customer by the supplier.

Framework operation description

It should be noted that the Framework could be used in a number of ways where tyres and related services are required. Customers wishing to buy Goods and/or Services via the Framework will do so in the following way(s) in accordance with section 45 of the Procurement Act 2023 (and any subsequent amendment or re-enactment thereof):

Call-off without competition

'Calling-off' Goods and/or Services from a Supplier identified who is: a) included in the Framework; b) suitable for meeting the Customer's specific needs; c) delivers to the geographical region/sub-region of the Customer, and; d) identified as offering the most advantageous solution to the Customer's requirements, based on the Framework pricing and the additional benefits offered by each Supplier.

Call-off with competition (Further Competitive Selection Process)

'Calling-off' by conducting a further competitive selection process amongst those Suppliers identified in the Framework as being able to provide the required Goods/supply the required Services. Customers will assess the suppliers as set out in the terms and conditions of the Framework.

Please note that once this Framework is established, the right is reserved by the Customer when running a further competitive selection process, to invite the Suppliers to participate in an eAuction.

Please refer to the tender documents for any further details.

ESPO Trading Limited Second Framework:

ESPO has established a commercial trading company, ESPO Trading Limited, whose target clients are third sector organisations such as national and local charities, public sector mutual organisations and other organisations involved in the delivery of services to or for the public sector. The successful Supplier may be asked to enter into an additional separate framework agreement (the Second Framework) with ESPO Trading Limited on materially similar terms to that found in the tender pack to be entered into by ESPO itself.

Any Second Framework agreement will be a purely commercial agreement and will, for the avoidance of doubt, not be governed by the Procurement Act 2023 or other public procurement legislation. ESPO Trading Limited may enter into the second framework agreement with the successful supplier and make it available to third sector clients who themselves are not required to follow the Procurement Act 2023 or other public procurement legislation. Accordingly, this is provided for tenderers information only.

Award method when using the framework

Either with or without competition

Contracting authorities that may use the framework

As a Centralised procurement authority as defined in the Procurement Act 2023, the Framework is open for use by Public Bodies (defined at <https://www.espo.org/amfile/file/download/file/9608/>) that also fall into one of the following classifications of user throughout all administrative regions of the UK: Local Authorities; Educational Establishments (including Academies); Central Government Departments and Agencies; Police, Fire & Rescue and Coastguard Emergency Services; NHS and HSC Bodies, including Ambulance Services; Registered Charities; Registered Social Landlords; The Corporate Office of the House of Lords, The Corporate Officer of the House of Commons; or any public body established by or under the Scotland Act 1998 or any Act of the Scottish Parliament. Details on general classification of end user establishments and geographical areas are available at: <https://www.espo.org/legal>
