The Contracting Authorities were procuring AAA Screening Programmes across Lot 1 - SYB (incorporating Bassetlaw patient cohort), and Lot 2 - NENC.

The Contracting Authorities planed for a contract commencement date of 01 October 2023 for a contract term of an initial 5-years with the option to extend the contract by a further 2-years at the discretion of the Contracting Authorities and subject to satisfactory financial and contractual performance.

The annual financial threshold was as follows: Lot 1 - SYB - Annual Cohort 10,548 at a maximum rate of 55 GBP per unit per annum based on 85% uptake of the annual cohort 493,130 GBP per annum x 7-years 3,451,910 GBP. Lot 2 - NENC - Annual Cohort 22,122 at a maximum rate of 55.00 GBP per unit per annum based on 85% uptake of the annual cohort 1,034,220 GBP per annum x 7-years 7,239,540 GBP.

The basic principles of the Open Procedure were followed for this procurement to test the capacity, capability, and technical competence of bidders in accordance with The Light-

Touch Rules Regime, Regulations 74 to 77 of The Public Contracts Regulations 2015 (as amended) (PCR 2015), for Health, Social, Education, and certain other Service Contracts.

- How, in conducting the process of procurement, they might act with a view to securing that improvement.
- Whether to undertake any consultation on the above.

Accordingly, the subject matter of the contract has been scoped to consider the priorities of the Contracting Authorities relating to "economic, social, and environmental well-being" by utilising the UK Governments Social Value Model.

This procurement was conducted using an e-tendering portal (In-Tend). The In-Tend portal could be found at: <https://in-tendhost.co.uk/nhsnecsu> (Bidders were asked to follow the registration instructions if they were not already registered) and search for the project NHSE561 - ITT- North East & Yorkshire - Abdominal Aortic Aneurysm Screening Programme (AAA).
