Section VII: Modifications to the contract/concession

VII.1) Description of the procurement after the modifications

VII.1.1) Main CPV code

- 71530000 - Construction consultancy services

VII.1.3) Place of performance

NUTS code

- UK - United Kingdom

VII.1.4) Description of the procurement:

Development of Net Zero Carbon Roadmap for DWP Estate.

VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

29 August 2023

End date

6 April 2024

VII.1.6) Information on value of the contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession:

£202,800

VII.1.7) Name and address of the contractor/concessionaire

Turner & Townsend Cost Management Limited

London

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

Expansion of Scope for Estates Net Zero Carbon Roadmap.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

The proposed contract variation falls within the safe harbour Reg 72(1)(b) additional necessary services as outlined in PCR 2015

This is because the variation expands the scope of the contract without substantially changing its nature. The expansion of the scope for carbon modelling scenarios is deemed necessary due to insights gained during Stakeholder Steering Committee meetings which have identified potential future strategy changes not originally anticipated. By including additional scenarios, the variation ensures the project remains aligned with evolving requirements. Additionally, these changes do not fundamentally alter the nature of the contract, but rather enhance its effectiveness by enabling the accurate modelling of carbon impacts associated with various estate strategy decisions, therefore the variation maintains continuity with the original intent of the contract.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £202,800

Total contract value after the modifications

Value excluding VAT: £254,350
