Tender

Fleet Management

Wales & West Utilities Limited

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-013973

Procurement identifier (OCID): ocds-h6vhtk-06553b

Published 16 February 2026, 3:58pm

Scope

Description

The purpose of this procurement event will be for the sourcing of a centralised Fleet Management solution (SaaS) that consolidates all transport data sources into a unified platform, enabling improved operational efficiency, compliance and more strategic decision-making.

Currently, this project is focused on centralising data records for Heavy Goods Vehicles (HGV) only. However, there are plans to extend the use of the chosen SaaS solution to Light Commercial Vehicles (LCV), enabling centralised management of all WWU commercial transportation, assuming the management of HGVs is deemed successful.

The Supplier shall provide, implement, integrate and support the SaaS Solution encompassing these functions ensuring it is scalable and configurable.

Total value (estimated)

- £2,000,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 1 August 2026 to 31 July 2029
- Possible extension to 31 July 2034
- 8 years

Description of possible extension:

Contract Duration: The agreement will be established with a core contract length of 3 years plus options for extensions (2 + 2 + 1 years), subject to performance and business need. A maximum term of 8 years.

Options

The right to additional purchases while the contract is valid.

The inclusion of additional services for LCVs that will be transitioned across over the term of the contract.

Procedure

Procedure type

Competitive flexible procedure

Competitive flexible procedure description

WWU is undertaking the procurement in three phases as outlined below.

1. Conditions of Participation (CoP): Suppliers who express an interest in this procurement event are invited to complete a CoP Questionnaire to ensure compliance with the basic legal, financial and ethical standards expected of WWU suppliers. Includes tender specific technical standards.
2. Final Tender: Suppliers who are shortlisted following CoP will be invited to submit a detailed written technical and commercial submission based on technical requirements and evaluation criteria published by WWU. Suppliers will be shortlisted again to take forward to presentations following assessment of written submissions.

3. Presentation/Demonstrations: Shortlisted suppliers shall be invited to deliver a Presentation/Demonstration of their proposed solution and provide WWU with a Sandbox environment. Presentations/Demonstrations shall be assessed and scored in accordance with the award criteria set by WWU. The Sandbox environment shall be used to verify supplier Final Tender submissions and scores combined to select the most advantageous tender.
