### **Changes to notice**

This notice has been edited. The [previous version](#) is still available.

### **Scope**

### **Description**

DBS is finalising its requirements for the procurement of technology services for its next generation estate. There are:

- a number of cloud-based applications and platforms that are already known that would be supported as part of the services;
- new applications that are in the process of being sourced that will need supporting; and
- additional applications in DBS's legacy technology estate that will persist into the next generation estate that will also require support.

DBS is considering the procurement approach for these requirements and the responses to this preliminary market engagement will be considered in finalising the approach.

Please see the Engagement section of this notice for information on how you can participate in this online market engagement.
