II.2.4) Description of the procurement

The University wishes to appoint a supplier to build the entire Cardiff Metropolitan University website. We are seeking a partner that is as passionate about achieving our goals as we are and want to build a strong and flexible working relationship between the service provider and our in-house teams to implement the web build and content strategy together.

The current website runs on Microsoft 2013 and has been in place since 2009. The site has had numerous changes over a 10-year period, consists of over 2000 indexed pages, multiple content editors across the university who create and maintain pages on the website. The site is now outdated and needs replacing and updating.

The new website replacement project will include 3 major work streams,

1 New wireframe and design

2 CMS website build hosting and maintenance

3 Content project including a content strategy plan.

The University is looking to award to a bidder that will provide work for streams 1 and 2 with close collaboration on workstream 3.

The procurement will follow a two stage Restricted process, the first stage is pre-qualification using the Selection Questionnaire (SQ). The SQ is available on the University's etender portal Intend

<https://in-tendhost.co.uk/cardiffmet.aspx/Home>

The closing date and time for return of the completed SQ is 12 noon on the 24th June 2022. It is envisaged that tender documentation will be issued to those suppliers who successfully pre-qualify (5 suppliers) week commencing 4th July 2022.

To access the SQ please register on the Intend etender site, which is free of charge and simply requires some standard contact details. As soon as login details and password are created please login. Select Tenders, Current, the project is the Design and Build of the University's Website, View Details, Express an Interest and the SQ document is in the Selection Stage tab of the project. You may then view the SQ or download. Please return a completed SQ by uploading the document to the site and selecting Submit return by the date and time.
