VI.3) Additional information

Translink has identified some issues with the tender/contract documents that were provided to all economic . operators. These issues include misalignment between Translink's requirements/objectives . and some of the information that was contained within the tender/contract documents and . some areas where Translink's requirements may potentially have been open to different . interpretations by bidders. As a result, and bearing in mind its obligations to ensure a fair and . transparent process in line with the requirements of the Utilities Contracts Regulations 2016, . Translink has no option but to terminate the procurement process. Therefore, this competition . will not result in the award of a framework.
