Section VI. Complementary information

VI.3) Additional information

Kent and Medway NHS & Social Care Partnership Trust (KMPT) is currently considering the procurement for the provision of Secure Patient Transport Services. The Trust presently operates these Services with a range of Suppliers and will be holding a virtual market engagement event on a date in late July / Early August to be determined. The purpose of this is to set out Trust requirements, as will be articulated fully within any published specification of requirements, and to hold an open and transparent discussion with prospective suppliers as to the potential provision of these services. Should you wish to express an interest in attending, please contact jodie.heywood2@nhs.net with the subject heading "Secure Patient Transport engagement". A summary of any key information from the event will be made available via this portal shortly afterwards. Should you have any queries in relation to this PIN or the programme generally, please do not hesitate to contact Jack Moss (Associate Director of Procurement, KMPT) on jack.moss@nhs.net or Jodie Heywood (Commercial Manager, KMPT) on jodie.heywood2@nhs.net. Please note: The Trust has not yet definitively determined whether or how to procure and/or contract for these services, nor has it determined the most appropriate route to market. The purpose of this Prior Information Notice (PIN) is to inform prospective providers of a potential intention to seek to enter into a contract(s) with a supplier(s) for the provision of these services and invite prospective suppliers to engage with the Trust's.
