II.1.4) Short description

Essex County Council works with NHS Partners to jointly commission services which make up the Intermediate Care pathway, for people requiring short-term support within the community or following hospital admission, including reablement. Referrals to ECC's Intermediate Care services can be via discharge teams in acute hospitals, or from the community to support hospital admission avoidance.

To ensure ongoing availability of this service, the Council will be tendering for the delivery of reablement services to support the core service delivery from our Local Authority Company. The three year Additional Reablement Capacity contracts, known as ARC, will address further service demands across the county, divided into 5 distinct geographical locations. Significant efforts have been made to enhance intermediate care services across the county. This includes aligning contracts and fostering collaboration. Additionally, a dedicated project has been initiated to shape the future of Intermediate Care in Essex.

In addition to the Additional Reablement Capacity this procurement also includes a demand for the 1-year new Home-to-Assess (H2A) service to support hospital discharge.

This procurement process, will include 6 separate Lots:

- ARC North Essex (Colchester and Tendring Districts)
- ARC Mid Essex (Braintree, Chelmsford and Maldon Districts)

- ARC South-East Essex (Rochford and Castle Point Districts)
- ARC South West Essex (Basildon and Brentwood Districts)
- ARC West Essex (Uttlesford, Epping Forest and Harlow Districts)
- Home-to-Assess North Essex (Colchester and Tendring Districts)
