VI.4.1) Review body

High Court of England and Wales

### VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

In accordance with Regulation 86 (Notices of decisions to award a contract or conclude a framework agreement), Regulation 87 (Standstill periods) and Chapter 6 (Applications to Court) of the Public Contract Regulations 2015 (SI 2015/102), the principal contracting authority has incorporated a minimum ten (10) calendar day standstill period at the point that information on the conclusion of the Framework Agreement was communicated to Contractors. This period allowed any unsuccessful Contractor(s) to seek further debriefing from the contracting authority before the award (or non-award) of the Framework

Agreement. Such additional information should have been (and can still be) requested from the address at Sections I.1 and I.3 of this Notice above. If an appeal regarding the award (or non-award) of the Framework Agreement has not been successfully resolved, then the Regulations provide for aggrieved parties who have been harmed or are at risk of harm by a breach of the rules to take action in the High Court (England, Wales and Northern Ireland). Any such action must be started within thirty (30) days beginning with the date when the aggrieved party first knew or sought to have grounds for starting the proceedings had arisen. The Court may extend the time limited for starting proceedings where the Court considers that there is a good reason for doing so, but not so as to permit proceedings to be started more than three (3)months after that date. Where the Framework agreement has not been awarded, the Court may order the setting aside of the award decision or reorder the contracting authority to amend any document and may award damages. If however the Framework Agreement has been awarded, the Court may only award damages or, where the contract award procedures have not been followed correctly, declare the Framework Agreement to be ineffective.
