Tender

Fire Protective Walling North-Wing Generator STH

Guy's and St Thomas' NHS Foundation Trust

UK4: Tender notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-014495

Procurement identifier (OCID): ocds-h6vhtk-065677

Published 17 February 2026, 4:23pm

Scope

Reference

C424757

Description

The supplier must have proven experience of installing Dura Steel walling in a healthcare (or similar) environment and operating in a live hospital environment.

The location of the works will be adjacent to several operational areas, include the mortuary, a drop off / pick up and car parking area.

Bidders will be expected to visit site to determine the best approach for their proposed solution.

Live Hospital Environment

St Thomas' Hospital is a live clinical setting with ambulance access routes and emergency vehicle bays immediately adjacent to the structure.

To safeguard patient care and emergency response, demolition activities must be scheduled during quieter hospital periods, as agreed with the estates team, e.g. early mornings, evenings, or weekends. Temporary barriers, hoarding, and signage must be erected to segregate the work zone, maintain clear pedestrian and vehicular routes, and always ensure uninterrupted ambulance access.

Total value (estimated)

- £83,333.33 excluding VAT
- £100,000 including VAT

Below the relevant threshold

Contract dates (estimated)

- 23 March 2026 to 23 May 2026
