II.1.4) Short description

The Business School has set ambitious growth targets, diligently working to expand student and staff numbers, and enhance the school's reputation. With this growth, the demand for space has surged, surpassing the capacity of our current premises in Hen Goleg. A new building will accommodate this growth and Bangor University plans to refurbish and add a new build extension to Friars School, Bangor, with the aim of using this new location for its Business School. This will facilitate the School's progression in providing enhanced student facilities, fostering additional shared spaces to foster stronger staff-student connections, and bolster community engagement with external industry partners. The project is currently at RIBA stage 1 and Bangor University is now looking to appoint professional construction consultancy firms to assist in bringing the project up to a minimum of RIBA stage 3.
