II.1.4) Short description

The Authority is seeking to establish a Framework divided into five Lots for the provision of a combination of both multi-disciplinary and single discipline construction services, including design services (Architect, Principal / Lead Designer, Structural and Civil Engineer and Building Services), a design service including project and cost management, also single disciplines such as independent project and cost management services and independent engineering design services plus a Building Control service. The Authority wishes to appoint a panel of multi-disciplinary and specialist consultants to support the MPS. The term of the Framework will be 48 months. The Authority is proposing to appoint a range of service providers across five individual Lots. All service disciplines are necessary for the completion and delivery of a diverse range of construction projects which will be predominantly refurbishment schemes through RIBA Works Stages 0 to 7. The value of the schemes is likely to range from £50,000 to £5,000,000 but may extend beyond this for certain individual projects. A further detailed description of the specific services per Lot is set out in the Statement of Service Requirements (SoSR) document which is included in the procurement documents.

II.1.5) Estimated total value
