I.5) Main activity

Defence

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

707615450 - In-Service Support of Emergency Escape Breathing Device (EEBD)

II.1.2) Main CPV code

- 98360000 - Marine services

II.1.3) Type of contract

Services

II.1.4) Short description

The Salvage & Marine Operations Team, part of the UK Ministry of Defence ('MOD'), have awarded a contract to Ocenco Incorporated ('Ocenco') to provide in-service support for Emergency Escape Breathing Devices (EEBDs), together with the purchase of additional EEBDs. The contract will be for a period of 3 years from 8th April 2024 expiring 31st March 2027.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £4,990,000

II.2) Description

II.2.2) Additional CPV code(s)

- 35111400 - Fire escape equipment
- 44611200 - Breathing apparatus

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

This contract shall provide in-service support for Emergency Escape Breathing Devices (EEBDs), together with the ability to purchase additional EEBDs.

EEBDs are used in the event of an escape from atmospheres that are either toxic or unable to sustain life and are a safety critical item to personnel on board ships/submarines.

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

In accordance with the provisions of The Public Procurement (Amendment etc.) (EU Exit) Regulations 2020 SI No. 2020/1319, this procurement falls to be regulated under the provisions of the Public Contracts Regulations 2015 as amended (in particular by SI 2020/1319). Prior publication of a contract notice in the Official Journal of the European Union is no longer appropriate. It is considered that the award of this contract without prior publication of a Contract Notice in the UK e-notification service (in accordance with the relevant legislation) is lawful in accordance with Regulation 32(2)(b)(ii) of the Public Contracts Regulations 2015 (PCR) because competition is absent for technical reasons.

This is because Ocenco is the sole manufacturer of the M-20.2, M-20.2XT and M-20.2T EEBDs which are currently in service with the MOD. Ocenco is the only company with the in-depth technical know-how and expertise to fulfil the requirement. Ocenco, as the original equipment manufacturer, is the only company with the ability to provide the legislative safety certification to re-certify or recycle the EEBDs which is required for MOD to comply with statutory legislation (Solas Regulation ii-2/13.3.4, ii-2/13.4.3, IMO Resolution MCS.98(73) Chapter 3.2.2 (FSS Code), IMO Resolution MCS/Circ.849, EN 13794 (2002) and ISO 23269-1 (2008)). The EEBDs provided by Ocenco are a safety critical item to personnel on board ships/submarines. Personnel are trained to use only one variant of EEBDs in the event of an escape from atmospheres that are either toxic or unable to sustain life. Using different equipment would result in disproportionate technical difficulties in operation by Royal Navy (RN) personnel and incompatibility with existing RN equipment. Introducing another type of EEBD would introduce an unacceptable safety risk to personnel.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.1) Previous publication concerning this procedure

Notice number: [2023/S 000-027634](#)

Section V. Award of contract
