Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated without a prior call for competition

- The works, supplies or services can be provided only by a particular economic operator for the following reason:
 - absence of competition for technical reasons

Explanation:

The Satellite Applications Catapult is a partly government funded not for profit technology and innovation organisation with a remit to grow the UK space sector. The Catapult is uniquely positioned to support the UK Space Agency with designing and delivering a

strategic programme of work to begin addressing these challenges leveraging our core strength as a neutral trusted entity and vast experience working with UK government.

Satellite applications Catapult played a key role in the in the previous Space for Smarter Government (SSGP) Programme, which helped identify requirements and pilot projects to drive uptake of satellite derived service.

The work will identify suitable applications of space technology and approaches to address the key issues that are restricting the uptake of space services for government operations.

The Catapult's previous work running workshops and authoring reports on public sector space demand make it the only credible supplier to deliver this work.

The duration of the contract will be 10 Months
