Description

This is a renewal of the Stryker Power Tools service contract for theatres at Bronglais, Glangwili, Prince Philip, and Withybush Hospitals.

As high-risk medical equipment, these devices must be maintained under a formal regime to ensure patient safety, regulatory compliance, and equipment reliability. The contract provides planned maintenance, rapid response repairs, and return-to-service support, minimising disruption to surgical procedures.

Without this contract, theatre operations could be delayed or disrupted, directly impacting patient care across the Health Board.
