Description

Atamis record (ref C25333) Manufactured Products Organisation Drawings (Market engagement purposes only) has been set up to provide the supply chain with further information on existing products within the Manufactured Products category. The key purpose behind this is to drive early engagement with suppliers and allow them to have a greater understanding of the complexity of our products and how Sellafield defines our needs in drawings. This increased knowledge should help the supply chain in determining their future business plans and required capability and capacity as well as their decision to tender in upcoming procurements. The drawings are for information only and are provided at the latest revision at this published date. Suppliers should always refer to the information contained in the tender pack for future procurements as these drawings are subject to change. All drawings can be found in the document section under this Atamis record (ref C25333). If you require any further information regarding the information

contained within this record (ref C25333), please contact the following Sellafield representative: Rob McGarel Supply Chain Intelligent Customer 07772117283 (mobile number) rob.mcgarel2@sellafieldsites.com (email address)
