All these must be capable of being assembled, broken down and reassembled yearly. It is expected that the track will have a lifespan of 15+ years. The track will be installed for World Athletics (WA) accredited international events for approximately 15 days per year in the Arena. The constraints of the existing seating, arena floor and storage capacity are to be reflected in the design and installation proposals by the tendering parties. The track is to be designed, manufactured and constructed to World Athletics certification, to host athletics events ranging from national championships through to a potential future hosting of the World Indoor Athletics Championships. The track or its components must be capable of being assembled in other suitable locations (indoors or outdoors) to host one-off athletics events.
