B&NES Council are looking to identify a partner (or more than one partner) to work with us (and each other) to develop a whole system approach to the commissioning of the services in scope.

This will be a phased approach, with phase 1 identifying providers who wish to take part in the system design work. Contract Start and End Dates provided are indicative. Please see Invitation to Participate for detail around anticipated timescales. During phase 1 the Council will continue to spot purchase placements and packages. At the commencement of phase 2 a contract will be
