## Land Enabling Works

ORE Catapult

UK7: Contract details notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-014705

Procurement identifier (OCID): ocids-h6vhtk-05dfa9 ([view related notices](#))

Published 18 February 2026, 12:08pm

## Scope

### Description

ORE Catapult has established a cutting-edge testing and demonstration facility in Aberdeen, named the

Floating Offshore Wind Innovation Centre (FLOWIC) based within the Energy Transition Zone.

ORE Catapult is committed to enhancing its capabilities by extending its capacity for testing mooring lines,

a crucial component in floating offshore wind (FOW) applications. To achieve this, the organization plans

to design and build a Large-Scale Synthetic Mooring Line Test Rig (LSSMLTR) capable of evaluating the

mooring lines destined for use in FOW projects. Suitable land for a facility of this size (Approx 106m in

length and 15m in width), has been identified immediately adjacent to FLOWIC.
