The requirement to renew this contract after the initial 10 year period will be decided in consultation with all parties nearer the end of the contract

Read

Text

The Contract is for a 10 year/120 month period with an optional break clause (exercisable only by the contracting authority) after 7 years/84 months

The long-term nature of the contract is necessary as it will allow GMCA to recoup the capital investment it is making into the care home properties over a suitable investment timeframe. In addition, by taking this approach providers will benefit from long-term revenue certainty which will reduce risk and support providers in securing appropriate staffing levels
