Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

It is clear with the continued roll out of the vaccination service, the use of the UK Gov Notify messaging platform will need to continue to be provisioned by DHCW for the next 12 months. An 'invite to attend' letter is still the initial "use case" for this service, which has significantly reduced the administrative burden on uHB's and/or DHCW in the printing and issuing of these letters. Finally it has been further developed in response to the COVID pandemic as the "go to" platform for use in respect of managing the risks of COVID. Therefore, the time limits for the open or restricted procedures or competitive procedures with negotiation cannot be complied with (even using the shortened time limits available).

Section VI. Complementary information

VI.3) Additional information

Use of the service will also significantly reduce the administrative burden on either uHB's or DHCW to print and send these letters. The service also enables the sending of SMS or emails and can therefore support the patient's preference when it comes to contact.
