II.2.4) Description of the procurement

Home Group is seeking to appoint a suitably experienced and qualified contractor in the South West Central

regions of England for its repairs and maintenance services including the following work streams:

- Responsive Repairs
- Planned Preventative Maintenance
- Void works
- Planned Works

To cover predominately residential tenanted dwellings owned and/or managed by Home Group Limited.

It is envisaged that TUPE will apply to this contract.

This list is not exhaustive & Home Group reserves the right to appoint further works & services of a similar

nature to the above works & services at its discretion during the Contract term. For more details of the works

and services to be carried out under the Contract please refer to the procurement documents.

The Contract will be for an initial period of 5yrs with an option to extend for a further period of 4yrs at Home

Group's discretion.

It is envisaged that the Contract will initially cover approximately 6,230 properties in South

West Central. Further

details and current stock lists are contained in the procurement documents.

Bidders should note that additional properties may, at Home Group's absolute discretion, be included within

the scope of the Contract during the term. These may include any properties from Home Group's existing

property portfolio and any new build properties developed by Home Group during the Contract term. Such

properties maybe situated in other areas of Home Group's areas of operation in the South West Central region.

The number of additional properties that Home Group may wish to bring into the scope of the Contract could

increase the size of the contract to 16,830 units. Home Group gives no warranty as to the number of any such

properties that maybe included in the scope of the Contract during its term.

The works and services will be carried out by the contractor under a JCT Measured Term form of Contract with

a schedule of amendments. However, bidders should note that the terms of the Contract will give the parties the

ability to agree a variation to the contractual arrangements at any point during the Contract term and enter into

such other arrangements as are necessary to deliver the works and services through an alternative, more tax

efficient contractual structure.

The estimated value of the Contract contained in sections II.1.5 and II.2.6 of this Notice is based on the

estimated annual value of the Contract for the first year of the term, multiplied by 9 (being the number of years

the Contract may potentially last for). Accordingly, bidders should note that this estimated value may increase 3 / 4

if additional existing properties and/or new build properties are brought into the scope of the Contract during its term.
