Scope

Reference

EPP0252

Description

Braintree District Council is awarding a contract for timely and correct delivery of various waste streams to the correct predesignated reprocessing facilities. There is a potential that such facilities change throughout the lifetime of this contract.

The waste streams currently in scope of this contract are, dry mixed recycling, paper and card, garden waste, Persistent Organic Pollutants (POP's), general waste (including litter picking, fly tip litter, dog waste, wood for recycling and general waste skip and wood waste). The sale of the materials is out of scope of this contract.

This tender was issued in two Lots with the intention of awarding either Lots 1 & 2 or Lot 3. Based on the process described in the Bidders Guidance provided at tender stage, Lots 1 & 2 are awarded and Lot 3 not awarded.

Changes brought around by the Simpler Recycling reforms will change the composition of

the dry mixed recycling waste stream from 1 June 2026, involving glass, tetrapak, paper and card and therefore will affect tonnages and number of loads. Further detail about these changes is provided in the specification.

Lot 1. Haulage of dry mixed recycling, paper and card, garden waste and Persistent Organic Pollutants (POP's)

Description

Haulage of dry mixed recycling, paper and card, garden waste and POP's

-Dry recycling is defined as materials such as aerosols, cans and tins, foil, plastic bottles, trays, tubs and pots, glass, and tetrapak.

-Green waste is defined as material such as tree branches (small (no more than 9cm diameter), grass and leaves.

-Paper and card is defined as paper, cardboard, newspapers, magazines, pamphlets, and post cards.

Lot 2. Haulage of general waste

Description

Haulage of general waste comprises litter picking, fly tip litter and dog waste, wood for recycling, general waste skip and wood waste.

The contractor is expected to provide 40-yard skips under this contract.
