As this is a new service the patient list will be starting from zero and it is predicted that the list size will grow to approximately 10,000 through to 2031, due to a housing development in the Weddington area.

The Practice will operate for core hours only and will be open between 8.00am and 6.30pm, Monday to Friday, excluding Bank Holidays.

The new contract is due to commence on 1st April 2022. The contract value will be based on the nationally agreed GMS Global Sum per weighted patient (less Out of Hours deduction). Additional income can be earned from the Quality Outcomes Framework payment and Enhanced Services Payments.

The successful Bidder will need to demonstrate that they can deliver services of a continuously high-quality and will be responsive to the needs of the local population.

The service must be GP led and provided by GPs, supported by nurses and other clinical

professionals or healthcare workers throughout core hours. The successful Provider will be expected to:

- Provide primary care services which are accessible, convenient and responsive
- Design services around the needs of patients and carers, ensuring they are offered more choice and a greater say in their treatment
- Reduce unplanned admissions to hospital by enabling patients to seek urgent care from a GP or Nurse practitioner
- Have processes in place to evaluate and continually improve on patient satisfaction
