## Section IV. Procedure

### IV.1) Description

#### IV.1.1) Type of procedure

Negotiated without a prior call for competition

- No tenders or no suitable tenders/requests to participate in response to open procedure
- The products involved are manufactured purely for the purpose of research, experiment, study or development
- Extreme urgency brought about by events unforeseeable for the contracting authority

Explanation:

A further competition had been issued via an existing framework (procured via open procedure) for the supply of electricity, however, due to the current geopolitical situation, none of the suppliers on the framework were willing to enter into a fixed price contract and no bids were received by the further competition closing date of 28.02.2022.

Due to the extreme and continuing market volatility, suppliers are unwilling to enter into contracts for the foreseeable future. Under Electricity (Northern Ireland) Order 1992, Electric Ireland and SSE Airtricity, as the incumbent suppliers, will continue to supply electricity to Antrim and Newtownabbey Borough Council under a Deemed Contract. This arrangement will last until prevailing market conditions allow a new tendering exercise to be undertaken, or until 31st March 2023, whichever is soonest.

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

### IV.2) Administrative information

#### IV.2.1) Previous publication concerning this procedure
